

LEATSS OnLine 2021– Summary of Courses (rev A)

Below is a summary of the courses to be offered at LOL21, in replacement of our regular Summer School that has once again succumbed to Covid-19 restrictions. 18 online courses will be offered by 7 tutors during summer school week, from **24th July to 1st August**. We hope this might help you to plan ahead.

Course details are being sewn together and the timetable being coaxed into its corset and both are due to be let loose on the catwalk towards the end of May when applications will open. As far as possible, costs for participants will be kept at the levels of LOT Basel.
